Faculty Members

Amis Andrew, United Kingdom	Jouve Franck, France	Seil Romain, Luxembourg
Almqvist Fredrik, Belgium	Jakob Roland Peter, Switzerland	Servien Elvire, France
Beaufils Philippe, France	Laprell Heinz, Germany	Siebold Rainer, Germany
Bellemans Johan, Belgium	Luyten Frank, Belgium	Stäubli Hans-Ulrich, Switzerland
Charrois Olivier, France	Maloney Mike, USA	Steenbrugge Franky, Belgium
Cugat Ramon, Spain	Marcacci Maurilio, Italy	Van Arkel Ewoud, Netherlands
DeHaven Ken, USA	McDevitt Cahir, USA	Verbruggen Gust, Belgium
De Groot Jacqueline, Netherlands	Miniaco Anthony, USA	Verdonk Peter, Belgium
Dodd Chris, United Kingdom	Monllau Juan C., Spain	Verdonk René, Belgium
Dye Scott, USA	Murray David, United Kingdom	Verstraeten Koen, Belgium
Eggli Stefan, Switzerland	Neyret Philippe, France	Victor Jan, Belgium
Friederich Niklaus, Switzerland	Pujol Nicolas, France	von Lewinski Gabriela, Germany
Harner Chris, USA	Puddi Ramon, Italy	Witvrouw Erik, Belgium
Höher Jürgen, Germany	Rodkey William, USA	Zaffagnini Stefano, Italy
Hulet Christophe, France		

Preliminary Programme

THURSDAY 4 FEBRUARY 2010

09h00-10h30	Basic Science Meniscus and Cartilage	
09h00	Anatomy and Biomechanics of the meniscus	A. Amis
09h20	Biology of the meniscus	C.A. McDevitt
09h35	Phylogenesi s and Ontogenesi s of the human knee: implications for the Meniscus	C. Hulet
09h50	Cartilage: aetiologi y of arthritis	G. Verbruggen
10h10	Discussion	
<i>10h30-11h00</i>	<i>Coffee break</i>	
11h00-12h00	Imaging and Bone scan	
11h00	Basic and future imaging	K. Verstraete
11h20	Bone scan	S. Dye
11h40	Discussion	
12h00-12h50	Meniscal lesions	
12h00	Meniscal lesions in children	R. Seil
12h15	Meniscal lesions in adults	P. Beaufils
12h35	Discussion	
<i>12h50-14h00</i>	<i>Lunch</i>	
14h00-14h15	Meniscectomy: Results	
14h15	Long-term meniscectomy results	Ph. Neyret
14h15-15h00	Meniscal Repair: Indications	
14h15	Meniscal repair: historical review	K. DeHaven
14h30	Traumatic lesions - stable knee	F. Almqvist
14h45	Traumatic lesions – ACL knee	O. Charrois
15h00-16h05	Meniscal Repair: Technique	
15h00	Meniscal suture implants	R. Seil
15h10	Horizontal cleavage	Ph. Beaufils
15h22	Techniques: inside out and outside in	J. Höher
15h34	All inside techniques	F. Jouve
15h46	Enhancement of the healing process in meniscal repair	R. Jakob
15h56	Discussion	
<i>16h05-16h30</i>	<i>Coffee break</i>	

16h30-17h20	Meniscal Repair: Results	
16h30	Results in children	N. Friederich
16h45	Results in adults	N. Pujol
16h55	Meniscal repair in ACL intact versus ACL reconstructed knees	F. Steenbrugge
17h05	Discussion	
17h20-18h15	Rehabilitation and Quality of life	
17h20	Rehabilitation	E. Witvrouw
17h40	Postoperative scoring/ Quality of Life	R. Siebold
18h05	Return to normal homeostasis	S. Dye
18h30	Reception	

FRIDAY 5 FEBRUARY 2010

08h30-10h15	Meniscal Reconstruction: Meniscal Allograft	
08h30	Introduction	R. Verdonk
08h35	Arthroscopic techniques and results	J. Bellemans
08h50	Techniques and results:	G. von Lewinski
		C. Harner
		R. Cugat
		E. Van Arkel
		P. Verdonk
09h50	Discussion	
<i>10h15-10h45</i>	<i>Coffee break</i>	
10h45-12h00	Meniscal Reconstruction: Meniscal Substitutes	
10h45	Repair biology	C.A. McDevitt
10h55	Polyurethane biology	J. De Groot
11h05	Collagen as a regeneration scaffold	W. Rodkey
11h15	CMI: technique and results	J.C. Monllau
11h25	American experience with CMI	M. Maloney
11h35	ACTIFIT: Technique	R. Verdonk
11h45	ACTIFIT: Results and pitfalls	H. Laprell
11h55	Discussion	
<i>12h00-13h30</i>	<i>Lunch</i>	
13h30-15h00	Post Menisectomized Knee:	
13h30	Debridement	N. Pujol
13h45	Open Wedge distal femoral osteotomy	G. Puddu
14h00	Medial Opening Wedge tibioplasty: from concept to results	H.-U. Stäubli
14h15	Closing Wedge osteotomy	E. Servien
14h30	Salvage surgery	P. Verdonk
		C. Harner
14h50	Discussion	
<i>15h00-15h30</i>	<i>Coffee break</i>	
15h30-17h15	Knee Replacement - Unicompartmental Knee replacement:	
15h30	Arthroscopic Uni	M. Marcacci
15h45	UniKnee	A. Miniaci
16h00	Uni's for lateral compartment arthritis (mobile versus fixed)	J. Victor
16h15	Uni-Tornier	P. Neyret
16h30	Balancing the unicompartmental knee- balanSys UNI	S. Eggli
16h45	Oxford Knee System	C. Dodd, D. Murray
17h00	Discussion	

17h15-17h45	The Future	
17h15	Meniscus off the shelf: the creation of a biological spare part	F. Luyten
17h30	Chondrocyte maturation after partial meniscectomy	M. Maloney
17h40	The future	P. Verdonk

SATURDAY 6 FEBRUARY 2010

09h00-12h30 **Teaching session on Cadavers** **Meniscal Reconstruction: Meniscal Allografts- Meniscal Substitutes**

09h00	CMI	09h00-09h15	Introductory Lecture: W. Rodkey
		09h15-10h00	Cadaver Teacher: J.C. Monllau
		Moderators: K. Dehaven, S. Zaffagnini	

10h00 *Coffee break*

10h30	ACTIFIT	10h30-10h45	Introductory lecture: Ph. Beaufils
		10h45-11h30	Cadaver Teacher: P. Verdonk
		Moderators: H. Laprell, R. Siebold	

11h30	Allografts	11h30-11h40	Introductory Lecture: J. Bellemans
		11h40-12h30	Cadaver Teacher: F. Almqvist
		Moderators: A. Amis, R. Cugat	

REGISTRATION: WWW.MENISCUS2010.BE

Until 30 November 2009

From 1 December 2009

Specialist	€ 425	€ 490
Trainees, resident *	€ 225	€ 275

* official certificate is requested

The registration fee covers meeting documentation, access to scientific sessions, teaching session on cadaver and exhibition, refreshments during breaks, lunches and welcome reception.

Committees

Local Organising Committee

Chairs: R. Verdonk, Ghent, Belgium
P. Beaufils, Le Chesnay, France

Co-Chairs: F. Almqvist, Ghent, Belgium
P. Verdonk, Ghent, Belgium

CME

The conference has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME). The Comprehensive Review Meeting: - The Meniscus: From Cradle to Rocker is designated for a maximum of, or up to 15 European CME credits (ECMEC's).

Venue

Handelsbeurs

Kouter 29
Ghent- Belgium
